Christian and Troy - are you okay with this approach? I have been out of the office all of this week so traveling for a 1 hr meeting is difficult.

Christian—I spoke with the staffer shortly ago. The staffer and I agreed to having until Monday to sort out who would attend/call in.

He said their preference is the principal be there in person for the briefing. But he would accept David calling in, if he couldn't travel down there. He was also okay with having someone from EPA there but deferring to David over the phone for the briefing. Also, CSB confirmed with the staffer that they will have someone there for the briefing, I was told.

Lastly, we tentatively set the time for 2:30 pm to 3:30 pm (CST).

Let me know or give me a call on next steps.

Austin,

Would you mind checking with Babin's team to see if the congressman would accept a phone briefing?

Thanks,

Christian, I am happy to do this by phone but I cannot get to Houston on the 16th.
Thoughts?

The Congressman's staff requested an in-person briefing for April 16 in his Deer Park office starting between 2-2:30 pm (CST) for about an hour. The staffer will make phone/conference capabilities available.

I let the staffer know that I would coordinate to accommodate the request for EPA and let him know who would attend and participate.

The staffer also made me aware that they have contacted CSB directly as well and requested they attend the briefing.
